

Treat your Mac to a Health Check, and give yourself peace of mind.

Each GrafX Health Check Includes :

- **Full Hardware Diagnostics** - Find problems early before they potentially cause failure.
- **Hard Drive Optimization** - Verify Hard Drive and optimize for efficient use to protect your data.
- **Software Updates** - Update Apple Software to latest applicable version, to ensure performance.
- **Security Updates** - Install latest Apple Security and Firewall updates, to keep your Mac safe.
- **Advice** - Advise on any problems found, and plan any Hardware upgrades required.
- **Same day Service Available**
(subject to availability)

Is your trusty old Mac starting to show it's age? Getting a little bit longer to do the same tasks with the newer software? Maybe you can't load new software due to the old operating system! Where do you start?

They say prevention is better than cure, so why not get the expert Apple Authorised service department at GrafX to breathe some new life into your existing Mac, you may be surprised at how well it responds!
